

Dear Party Leaders,

I write you during this holiday season to say two words:

Thank you!

For all that you have made possible and continue to make possible here in Florida. I feel a sense of hope and pride with you all alongside me in this fight, and know that we can do anything if we do it together.

Here are just a few things that we accomplished this year:

- Elected Donna Deegan as the first female Mayor in Jacksonville's history
- Launched the Party's first year-round Voter Registration Program
- Kicked off our Take Back Florida tour and mobilized over 2,000 Democrats across the state
- Swung a solid red House District in Miami-Dade by 30+ points

We still have a long way to go – with a super-minority in both legislative chambers, and a major affordability crisis impacting Floridians, it is on all of us to do our part to take back our state next year.

2024 will be a huge year for Florida Democrats. We have a lot of work to do, but if each of us remember what we are fighting for and what is at stake here in Florida, our determination will fuel the fires.

Thank you for all you have done this year to make our Party stronger. You are the backbone of our fight, and I am grateful to be working with you. I hope you enjoy your holiday season with family and friends.

Happy New Year!

Nikki Fried

Chair
